Dear Mr. Irigaray:

The New Jersey Schools Development Authority (NJSDA) has completed its review of your firm's Application for Prequalification including the required DPMC classification.

We are pleased to inform you that S&J Electrical Contractors, Inc. has been approved with NJSDA Prequalification status in the trade(s) and corresponding aggregate limit(s) as listed below:

<i>Trade(s)</i>	<i>Prequalification Rating</i>
HISTORICAL LIGHT FIXTURE RESTORATION	\$5 MILLION
CONTROL SYSTEMS	
ELECTRICAL	

Your firm is prequalified by the NJSDA until **April 7, 2010**. Please keep in mind that during this period, the NJSDA must be notified in writing within ten days of any substantial changes that occur within your organization. This would include any changes your firm makes with DPMC as well as changes in ownership, financial condition, key people, safety records, disciplines, etc. Also note that your firm's status as a "prequalified firm" is always subject to review, and we reserve the right to change or revoke this prequalification status for cause at any time.

Firms like yours are critical to our success. Exciting opportunities are available for Small Business Enterprises (SBEs) in the Schools Construction Program. In order to enhance your participation in the program as an SBE-designated firm, the NJSDA is offering assistance in becoming registered as an SBE with the NJ Commerce and Economic Growth Commission. Among other requirements, firms applying for SBE Registration must have fewer than 100 full-time employees and less than \$28 Million in annual revenues.
